Regarding her move to this new position, Mrs. Wilson shared the following statement:

"I have loved being the principal at PLE for the last six years! It has been rewarding to work in a school community with a high level of parent involvement and with a staff who consistently goes the extra mile for the benefit of the students. More than anything else, though, it's the students who bring the greatest reward to working in this field. They are the inspiration for the work each of us does in the District. As the Director of Learning and Academic Coaching, I look forward to continuously improving upon what we offer to each of our students."
