B Day

## Announcements

---

Wrestling practice begins next Monday. All students interested in wrestling need to turn in their forms and fees this week. There will be an informational meeting on Thursday during resource for all members of the team.

Best of luck to the Academic decathlon team who will be participating in their local level competition today. Our team of 11 will compete virtually with teams from across the state, hoping to be one of the top 50 who move on to regionals in January.

**Peers for Peers:** The primary ingredient in vape liquid turns into formaldehyde, a known cause of cancer, when it's heated.

## Medal of Awesome

---

Raghav Podugu awarded today's Medal of Awesome, saying "Even though it was a difficult choice, I would like to nominate Mr. Reed for the Medal of Awesome. Mr. Reed has always been an inspiration to me, ever since the first day of high school. He has helped me through some tough times during 9th grade and has always been concerned about my health, especially about my sleep. Also, Mr. Reed's biology raps were always the highlight of my day and his brief life lessons during class always managed to shine a path for me to walk on. Mr. Reed, thanks for being such an awesome teacher! Keep on rocking!"
