**Peers for Peers:** It is not just one bad batch... According to a CDC report, hospitalized patients in the recent vaping-related-illness outbreak in Northern Illinois and Southeast Wisconsin “had combined to use 234 unique e-cigarette, or vaping, flavors or products representing 87 different brand names”.

## Medal of Awesome

---

Today’s Medal of Awesome is from Christian Passehl. He said “It was such an honor to be awarded the Medal by Mr. Wells last Friday. It made my day. Now it’s my turn to pass it on to someone else. That’s a tough thing to do because all the teachers are amazing. From the basement to the start of the third floor in the school. I am going to give the Medal to the teacher that has the best spirit and the brightest light I see every Monday that brightens my day, even if I’m tired. The Medal of Awesome goes to Mrs. Sevens.”
