

## Pewaukee School District

### COVID-19 Update December 15, 2020

**Weekly Update Data:** This information is provided in an effort to be transparent with the level of COVID-19 virus activity within the school district. Please note that information relative to any individual's health is very sensitive and private so we are taking steps to secure the anonymity of individuals. Student numbers will be published at a school level and the district as a whole. In any school in which the number is <5 we will post an \* to avoid the likelihood of exposing the identity of an individual. We will provide a summary number for the district as a whole. For staff, because they are fewer in number, we will only post that information for the district as a whole.

Data related to the spread of the virus in our region can be reviewed using the **Waukesha County COVID-19 Dashboard** at [Coronavirus](#) .

**Phase Status:** *Current level = Phase 2; Grades 4K-5 (Full attendance MT,TH,F & All Virtual Wed)*  
*Phase 1; Grades 6-12 (hybrid / 50% attendance)*

This week we have experienced a nice reduction in internal numbers of infection and quarantine for students from the week prior which is great to see. Staff numbers have remained stable with one more infection and four fewer in quarantine at the moment. As stated in the update from last week, we will keep all schools status quo in terms of the assigned phase until the holiday break. We will not consider a change to less restrictive phases prior to **January 11, 2021**. During the break there will be substantial limitations to the **contact tracing process** so we will need the week of January 4th to determine if there are cases that need to be followed up on that could have implications for school operations. **If trends continue to decline and stabilize in our state, county and community; and if our internal rates remain low and manageable, we may consider moving Asa Clark and PHS to Phase 2 as early as January 11th.** **This will be the last update sent home prior to the holiday break.** The next weekly update will be sent home January 5, 2021.

#### Data Table Terms

**Active Cases:** This term refers to individuals with a confirmed COVID-19 diagnosis who are not considered recovered. This would apply to any individual who has not completed the required 10-day isolation period which must also include 24-hours symptom free.

**Probable COVID-19:** This term refers to individuals who are symptomatic and have a known exposure to someone who has been diagnosed with COVID-19. Probable COVID-19 cases are included in the active cases data in the table below.

**Quarantine:** This term refers to individuals who are placed in quarantine due to a known exposure to an individual confirmed to have COVID-19 or due to the presentation of symptoms consistent with the virus.

December 15, 2020		
School	Student Active Cases (Confirmed COVID-19 / Non-recovered & Probable COVID-19) <b>NEW (Last week / +/- Change)</b>	Students Quarantined (Symptomatic of, or Exposed to, COVID-19 / 10-14-day Quarantine) <b>NEW (Last week / +/- Change)</b>
PLE	*	20
Horizon	*	9
Asa Clark MS	*	25
PHS	8	14
<b>Total</b>	<b>16 (22 / -6)</b>	<b>64 (124 / -60)</b>
District (Staff data x district level only to protect privacy of individuals)	Staff Active Cases (Confirmed COVID-19 / Non-recovered & Probable COVID-19)	Staff Quarantined (Symptomatic of or Exposed to COVID-19 / 14-day Quarantine)
PSD	<b>6 (5 / +1)</b>	<b>7 (11 / -4)</b>
* Indicates less than 5 cases to protect the privacy of individuals infected or in quarantine		

(Note: The **table above** represents most current day's data, whereas the **graph below** shows weekly trends from each Friday to provide a historical comparison.

### Weekly Summary
